DAY 7

15/07/2025

Exercise 1:

Create a Gallery for the Royal Challengers Bangalore Team to display all the players available in the team. Arrange all the images in a grid view using table with 3 column and 3 rows. Inside each cell create <div> element to hold both the image and the player name with appropiate id attribute. The images are displayed using <img> tag.

Create 6 different html page for each player with their image and description as shown in the below screenshot.
Provide hyperlinks to both the image and player name to the corresponding player page from your image gallery.

UI Constraints:
   Each div element with the specified id should contain a <img>.
   Anchor tag should be used for each div,which on clicking displays a new page with details of the particular player.
   font-style: italic
   font-size-adjust: 0.50

Virat Kohli

Role: Batter
Batting Style: Right-handed
Bowling Style: Right-arm medium

Romario Shepherd

Role: All-rounder
Batting Style: Right-handed
Bowling Style: Right-arm fast-medium

Exercise 2:

The start of the tenth edition of IPL is already announced and no doubt we can witness cricket going to the whole new level. The IPL Selection Committee members have arranged for the Player Auctions in the near months and are in full swing working towards it. You are given a task to create an application form for the players to apply for the auctions to contest in the IPL, as shown in the given screenshot. Have the content and look and feel of the page as shown in the screenshot, use html table for better formatting.

Have the HTML file name as "index.html".

Player Details
